This half term your homework is to practise our weekly spellings, read every night and practise your times tables. In addition, you can choose any **three** of the activities below to complete before half term. Many thanks.

Make a model of something linked to WWII. Bring it in for display or send a picture/video.

List the Allied forces and the Axis powers. Now find a world map that shows who the Allies and the Axis were.

Find out about the money used in War time -pounds, shillings and pennies. Make up some 'old money' calculations.

Research popular music during WWII and create a fact poster. (You can send me a video of you singing it too!)

Write out a menu for a wartime meal. Remember that many foods were rationed.

Research the cities targeted in the Blitz and plot them on a map. List where it would be safe to send children.

Explain 6 things you would want to take with you if you were evacuated

Learn a new skill and write about it or send us a photograph so you can explain what you have learnt.

Make up a quiz about WWII for us to do in class.

Write a book or film review to recommend to the class.

Dress as an evacuee and send in a picture with a caption.

Learn the multiplication and division facts for the 6x table.
